INTRODUCTION.

AN apology is due to the subscribers for the length of time that they have been kept waiting for the completion of this volume. The delay, however, has its compensation. It was only under pressure that I consented to edit this second volume, for, while I could not shut my eyes to the fact that there were many errors and omissions in the official manuscript calendar from which it was prepared, I could not find time to make a new calendar from the wills themselves. When, however, pages 1-96 had been printed, Mr. J. S. Smith, one of the clerks in the District Probate Registry, collated the official calendar with the volumes of wills, and to his skill and patient labour those who use this calendar are very deeply indebted.

From pages 97 to the end the results of Mr. Smith's work are incorporated in the text, and the appendix (pages 215-227), which is distressingly lengthy, contains the corrections which ought to be made in the text of pages 1-96. The appendix has been put into a form which will enable readers to use it, with as little inconvenience as may be, side by side with the text.

During the last few years the records of the Bishop of Lincoln have been in process of arrangement, and among them a great number of testamentary documents have been found and transferred to the District Probate Registry. These, in so far as they relate to the period from 1600 to 1652, have been included in this volume, and have helped to swell the appendix.

An index of persons residing outside the county of Lincoln has been added to the volume, and the places have, so far as possible, been identified, and given in this index under their modern names.

My thanks are due to E. A. Fry, Esq., to whom those interested in historical research are deeply indebted, for cutting up and arranging the entries in alphabetical order; to Gordon L. Simpson, Esq., Registrar of the Lincoln District Probate Registry, for his interest and assistance in the work; and to Mr. J. S. Smith for help which has greatly added to the value of this calendar.

C. W. FOSTER.

INTRODUCTION.

THE Probate Registry of Peterborough contains Wills for part of Northamptonshire, Cambridgeshire, and the Archdeaconry of Huntingdon, as well as several Peculiars.

The following Calendar is that of the Wills and Administrations for the Archdeaconry of Huntingdon, which originally included part of Hertfordshire, as well as the parish of Everton in Bedfordshire. The earlier volumes of Transcripts, Vols. 1-14 (1479-1573), embrace both divisions of the Archdeaconry, but subsequent volumes contain no Hertfordshire Wills.

As regards the Wills prior to 1653, they are contained in 24 volumes of Transcripts and some 35 bundles of Original Wills, whilst the early Administrations are contained in 1 volume (1559-1614). Inventories from about 1609 exist; but these are unindexed, and, for the most part, unarranged.

The Transcripts contained in the first 20 volumes (1-12, 12*a*-19) commence in 1479, and are continuous to 1615, with the exception of 1521-6, 1566-9, 1573-83.* The following years also are missing from the general series: 1647-62 and 1677-90.

The Original Wills, mostly in year bundles, are continuous from 1615 to recent times, with the exception of 1634 and of 1653-60, when all Wills throughout the country were proved in London. There is one bundle of earlier Wills (some of them more or less fragmentary) which for convenience of calendaring is here included in the index to the Original Wills, 1615-52; these Wills are indicated by the letter "B" in the reference columns.

From 1615 onwards both Original Wills and Transcripts of some of them are to be found; against these latter the volume and page will be inserted in the Calendar.

Volume 19 contains for the most part Original Wills, but copies of many of them occur in other volumes.

There are four volumes of Act Books for the period previous to 1660, two of which refer to the county of Huntingdon, and two to that part of the Archdeaconry which was comprised in

*. A volume for the period 1573-83 is preserved at Somerset House, London.

Hertfordshire. The volumes contain many references to Wills and Administrations which are given in this Calendar (pp. 204 to 216), but a very large portion of each book is occupied with records of disputes, penances, and other matters connected with the Court of the Archdeacon.

It should be noted that only parts of the parishes of Thurning, Winwick, and Stanground are in Huntingdonshire, hence wills of testators in Thurning or Winwick may be found in the Consistory Court of Peterborough, while wills of those in Stanground might be either in the Consistory or Archdeaconry Courts of Ely.

Peculiars. There were four Peculiars in the Hunts Archdeaconry: Brampton, Stow Longa, Buckden, and Leighton Bromswold. Of these only Brampton contains any wills prior to 1660; these are but three in number, and are given at the end of this Calendar (p. 217). The earliest will in the Stow Longa Court is dated 1667, and in Buckden 1661, while Leighton Bromswold has but six wills altogether, the earliest dated 1812.

Volume 2 of the Hunts Archdeaconry Act Books contains a certain number of grants of Marriage Licences for the years 1610 to 1614 (and one in 1517). Abstracts of these are given as an Appendix to this Calendar.

PROVISIONAL INTRODUCTION

TO

Huntingdon Wills.

THE Probate Registry of Peterborough contains Wills for part of Northamptonshire, Cambridgeshire, and the Archdeaconry of Huntingdon, as well as several Peculiars.

The following Calendar is that of the Wills and Administrations in the Archdeaconry of Huntingdon, and as regards the Wills prior to 1653 they are contained in 24 Volumes of Transcripts and some 35 Bundles of Original Wills, whilst the early Administrations are contained in 1 Volume (1559-1614).

The Transcripts contained in the first 20 Volumes (1-12, 12a-19) commence in 1479, and are continuous to 1615, with the exception of 1521-1526, 1566-1569, 1573-1583*. The following years also are missing from the general series: 1647-1662 and 1677-1690.

The Original Wills, mostly in year bundles, are continuous from 1615 to recent times, with the exception of 1634 and of 1653-1660, when all Wills throughout the country were proved in London.

* A volume for the period 1573-1583 is preserved at Somerset House, London.

The Archdeaconry of Huntingdon originally included part of Hertfordshire, and the earlier volumes of Transcripts, Vols. 1-14 (1479-1573), embrace both divisions of the Archdeaconry, but subsequent volumes contain no Hertfordshire Wills.

From 1615 onwards both Original Wills and Transcripts of some of them are to be found; against these latter the volume and page will be inserted in the Calendar.

Volume 19 contains for the most part original wills, but copies of many of them occur in other volumes.

There are four volumes of Act Books for the period previous to 1660, two of which refer to the county of Huntingdon, and two to that part of the Archdeaconry which was comprised in Hertfordshire. The volumes contain many references to Wills and Administrations which will be noted in this Calendar, but a very large portion of each book is occupied with records of disputes, penances, and other matters connected with the Court of the Archdeacon.
